

## A Breath of Fresh Air.

Vision™ Customized Air Handlers from McQuay are designed to give your building superior IAQ. How? By providing air leakage rates so low they rival custom units – and the lower the leakage, the better your indoor air quality. Vision's unique construction minimizes air leakage and maximizes efficiency. You end up with higher IAQ, quieter air handling and lower operating costs. Vision – it's the superior air handling system that lets everybody breathe easier. Including you. Call 800-432-1342 or visit [www.mcquay.com/rebat](http://www.mcquay.com/rebat)'s new for more information and a free brochure.
