

STOP IDLING. START SAVING.

Power, comfort and savings with a Cummins APU.

The Cummins ComfortGuard APU System provides heating and cooling, runs all your hotel loads AND helps you save up to 80% in fuel costs compared to idling. We'll even help you find the money to buy your APU with our handy guide to APU financing and our APU payback calculator.

Visit www.cumminscomfortguard.com/offer to download the free APU financing guide and use our APU payback calculator.
